Camaleonda Sofa Corner

The Camaleonda Sofa Corner takes its cue from one of the first modular sofas that could be completely reconfigured, which was a revolutionary concept in the 1970s. Despite being 50+ years old, its bold and puffy form looks ultra-modern, making it relevant even in today's design trends. This sofa was way ahead of its time in form, futuristic sculpture, and philosophy.

MATERIALS:

Base:	MDF NAF wood fibre
Cushion:	High-resilience polyurethane foam
Upholstery:	Premium upholstery fabric
Connectors:	Solid brass rings with stainless steel carabiners
