Extrasoft Modular Sofa

Debuting in 2008, the ExtraSoft Modular Sofa reshaped the idea of contemporary comfort through Italian design and effortless flexibility. Its sculptural modules can shift and expand to fit any space, offering endless possibilities for personal expression. Beneath its soft and welcoming contours lies a kiln-dried poplar and birch frame that ensures enduring strength, while layered foam and feather cushions invite you to sink in and stay awhile. Clad in rich aniline leather or tactile Kvadrat fabric options, it evolves gracefully with the rhythm of your life.

MATERIALS:

Frame:	Double-paneled kiln-dried poplar and birch wood frame
Cushions:	Mixed-density foam wrapped in feathers or goose down
Support:	Cross-woven coated rubber elastic straps for lasting support
