Assembly Instructions

DS-600 Modular Sofa Part:

- (A) End Element with Armrest 1x
- (B) End Element without Armrest 14x
- (C) Ottoman 4x
- (D) Bolt/Screw 18x
- (E) Nut 18x

Layout Mode

Linear or Curved

Step 2 - Connect the Modules

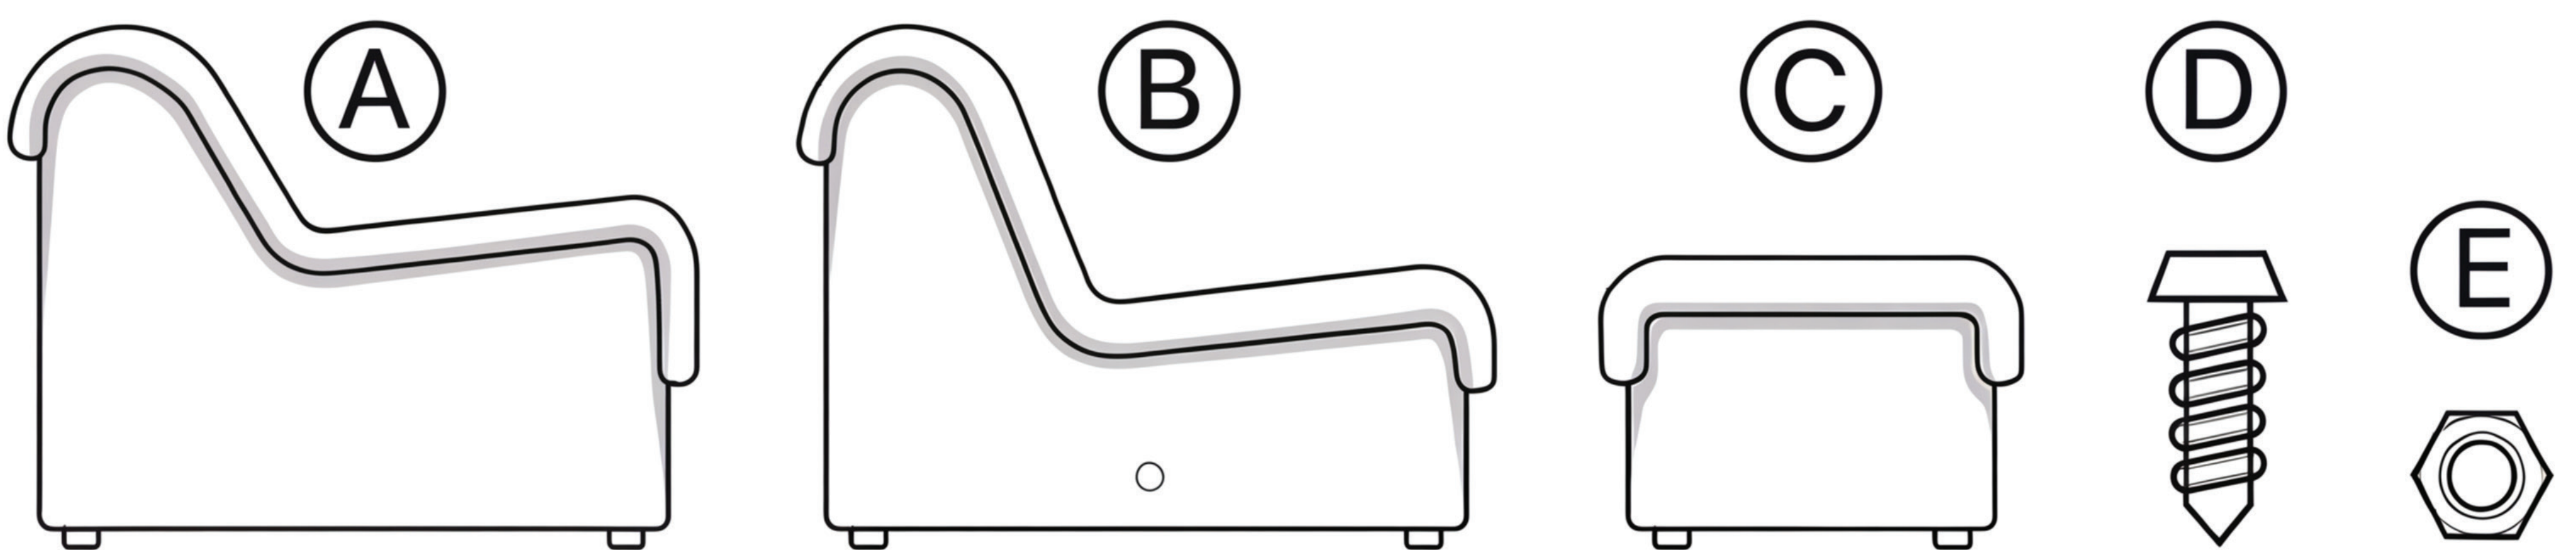

- Begin with connecting the End Elements (A) and (B) to each other.
- Align the pre-drilled connectors at the sides of the modules.
- Slide the connectors into place and secure them with the bolts and nuts (D, E) using the Allen wrench.

Step 1 - Attach Legs to Ottoman (C)

- Attach the legs to the Ottoman units (C) using the provided bolts and screws (D).
- Use the Allen wrench and Phillips screwdriver to securely tighten the bolts and nuts (E) into place.

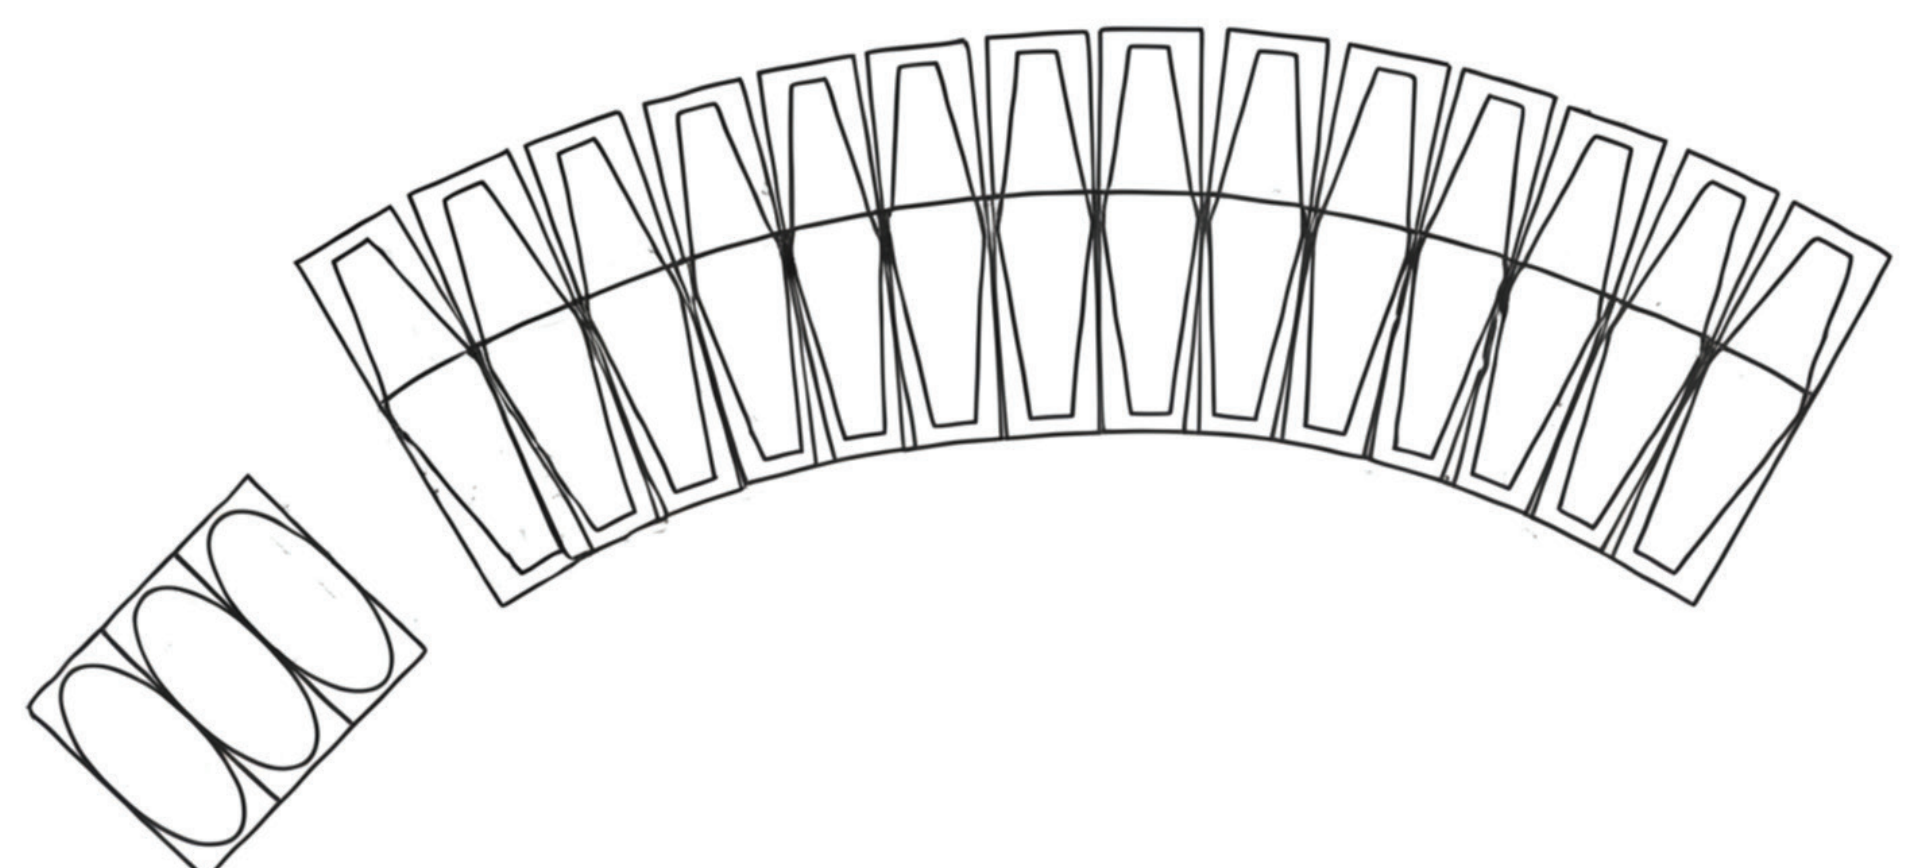

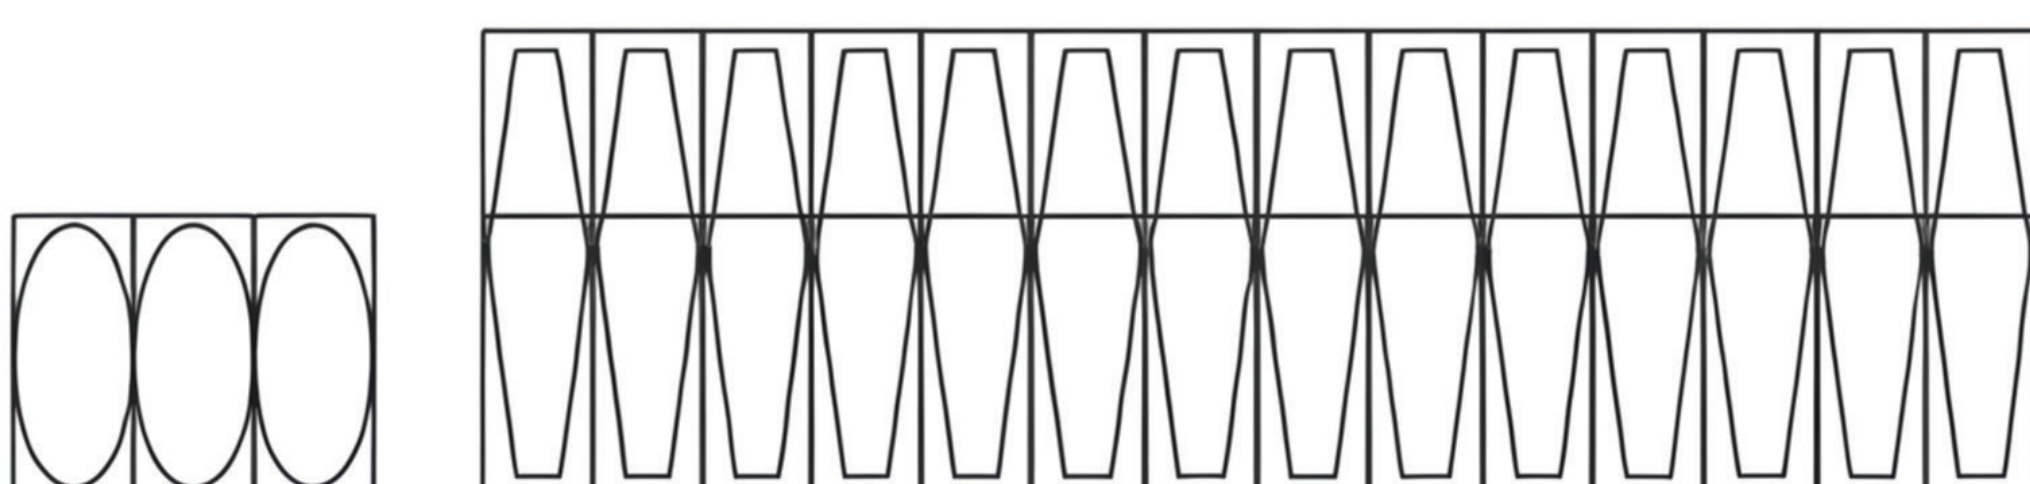

Step 3 - Build the Curved Layout (Optional)

- If you are assembling the Curved Layout, start with the modular sections and arrange them in the curve, following the design you want.
- Use the same method of connecting modules as described in Step 2.
- For a Linear Layout, follow a straight configuration by aligning the modules in a line.

Assembly Instructions

Step 4 - Secure All Modules

- Ensure all modules are securely connected and aligned.
- Tighten any loose bolts and nuts.

Step 5 - Attach the Backrest (If applicable)

- For configurations that include a backrest, attach it to the designated sections using the provided screws.
- Securely fasten it to the connecting parts of the sofa modules.

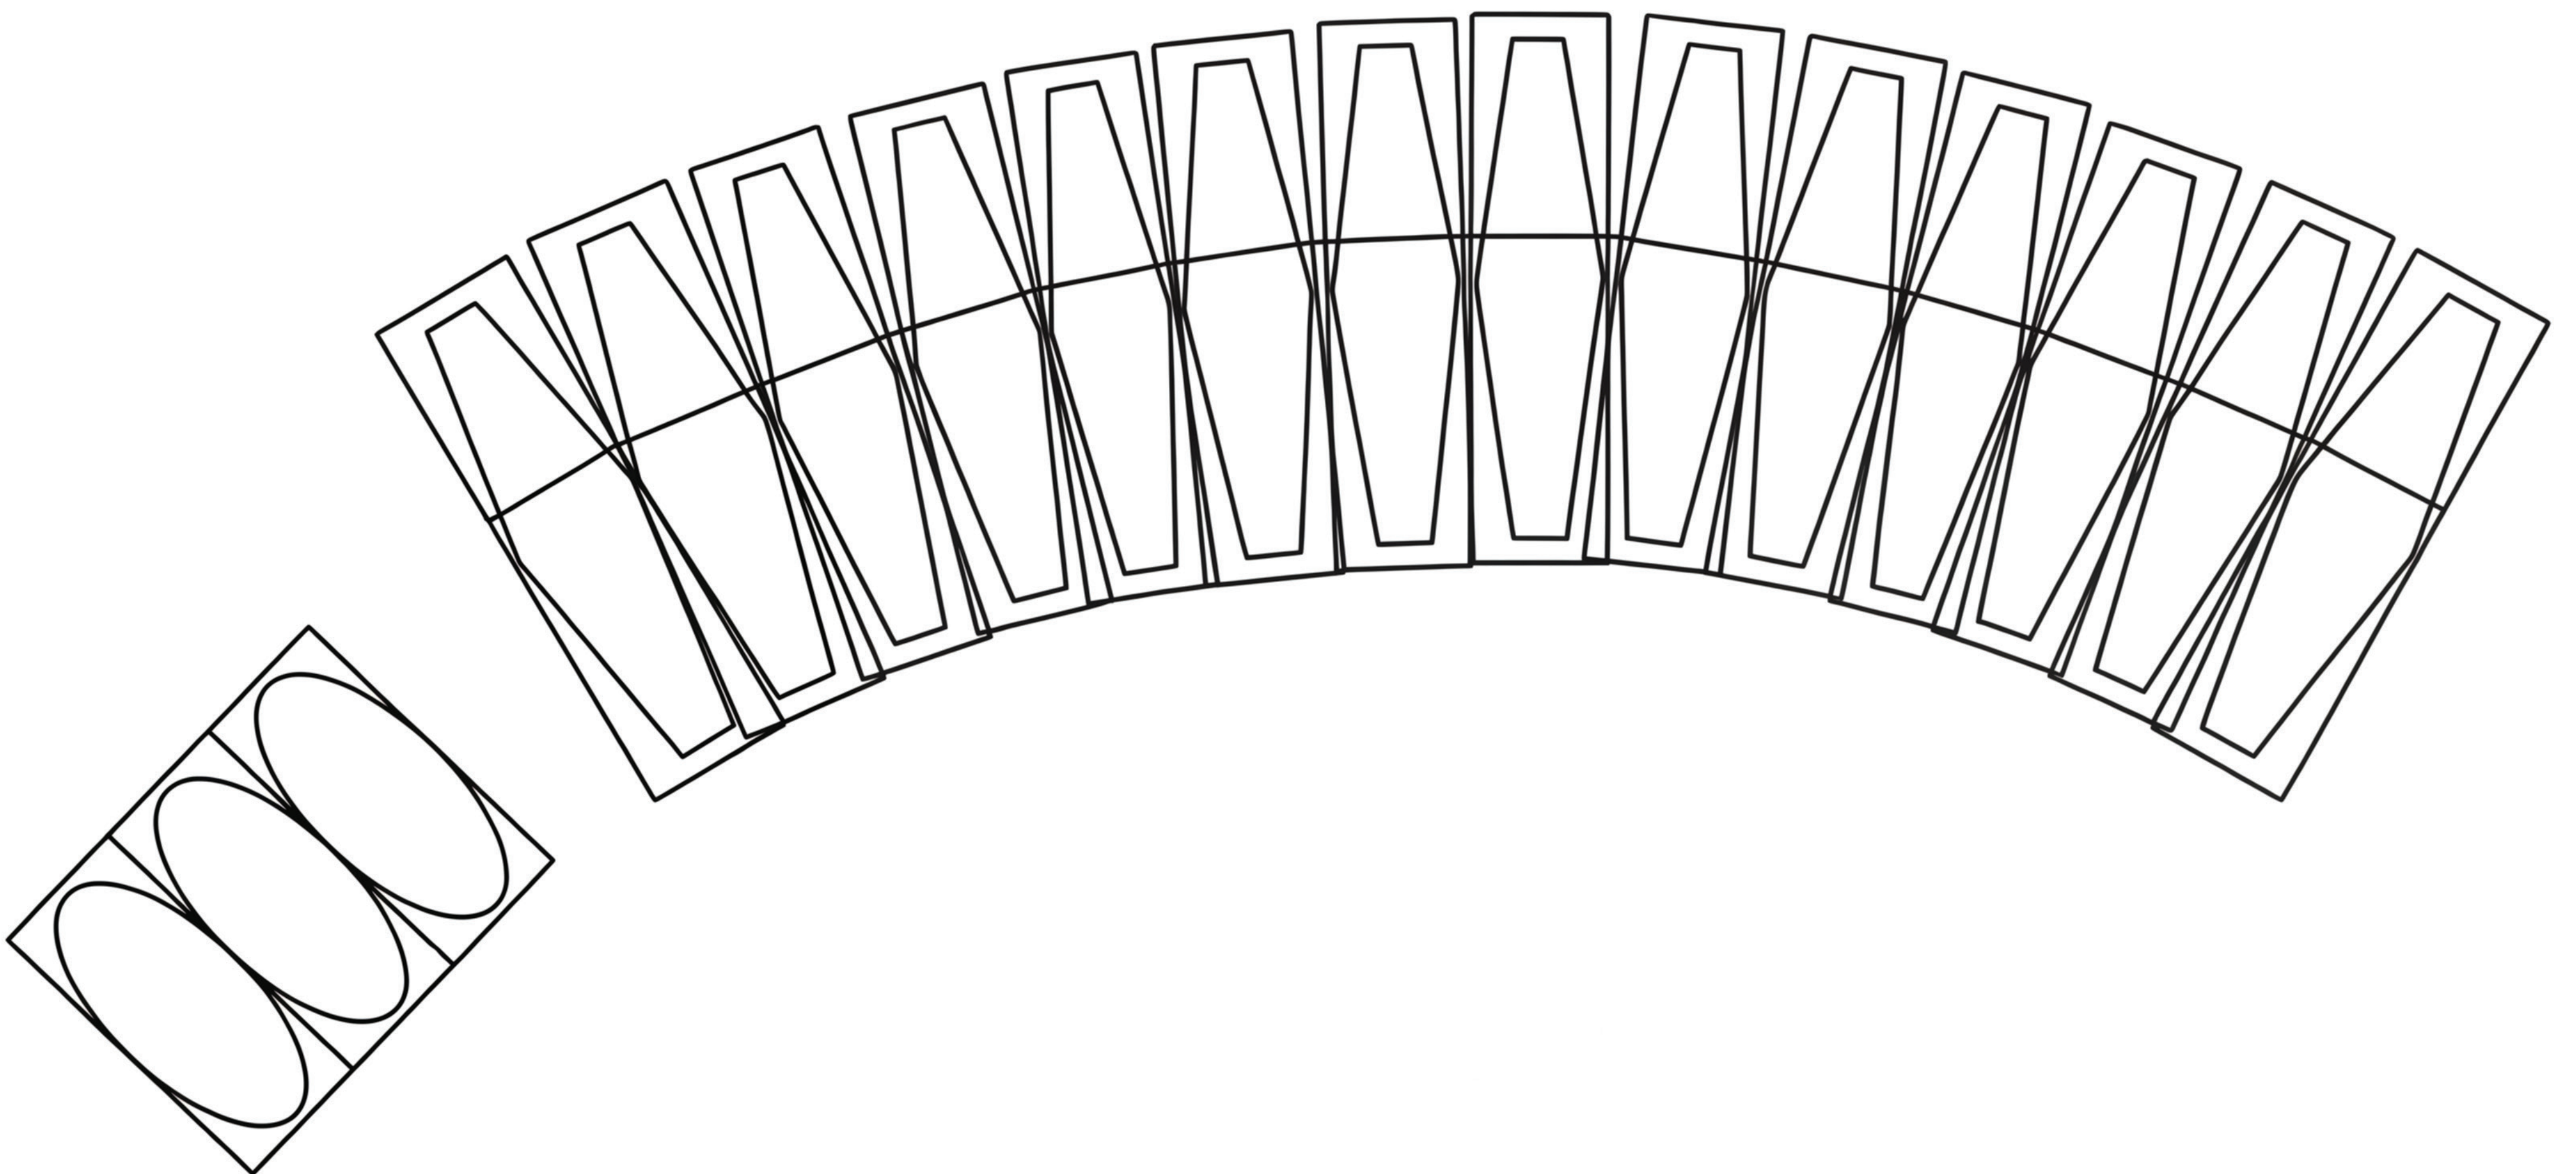

Step 6 - Add Cushions and Upholstery

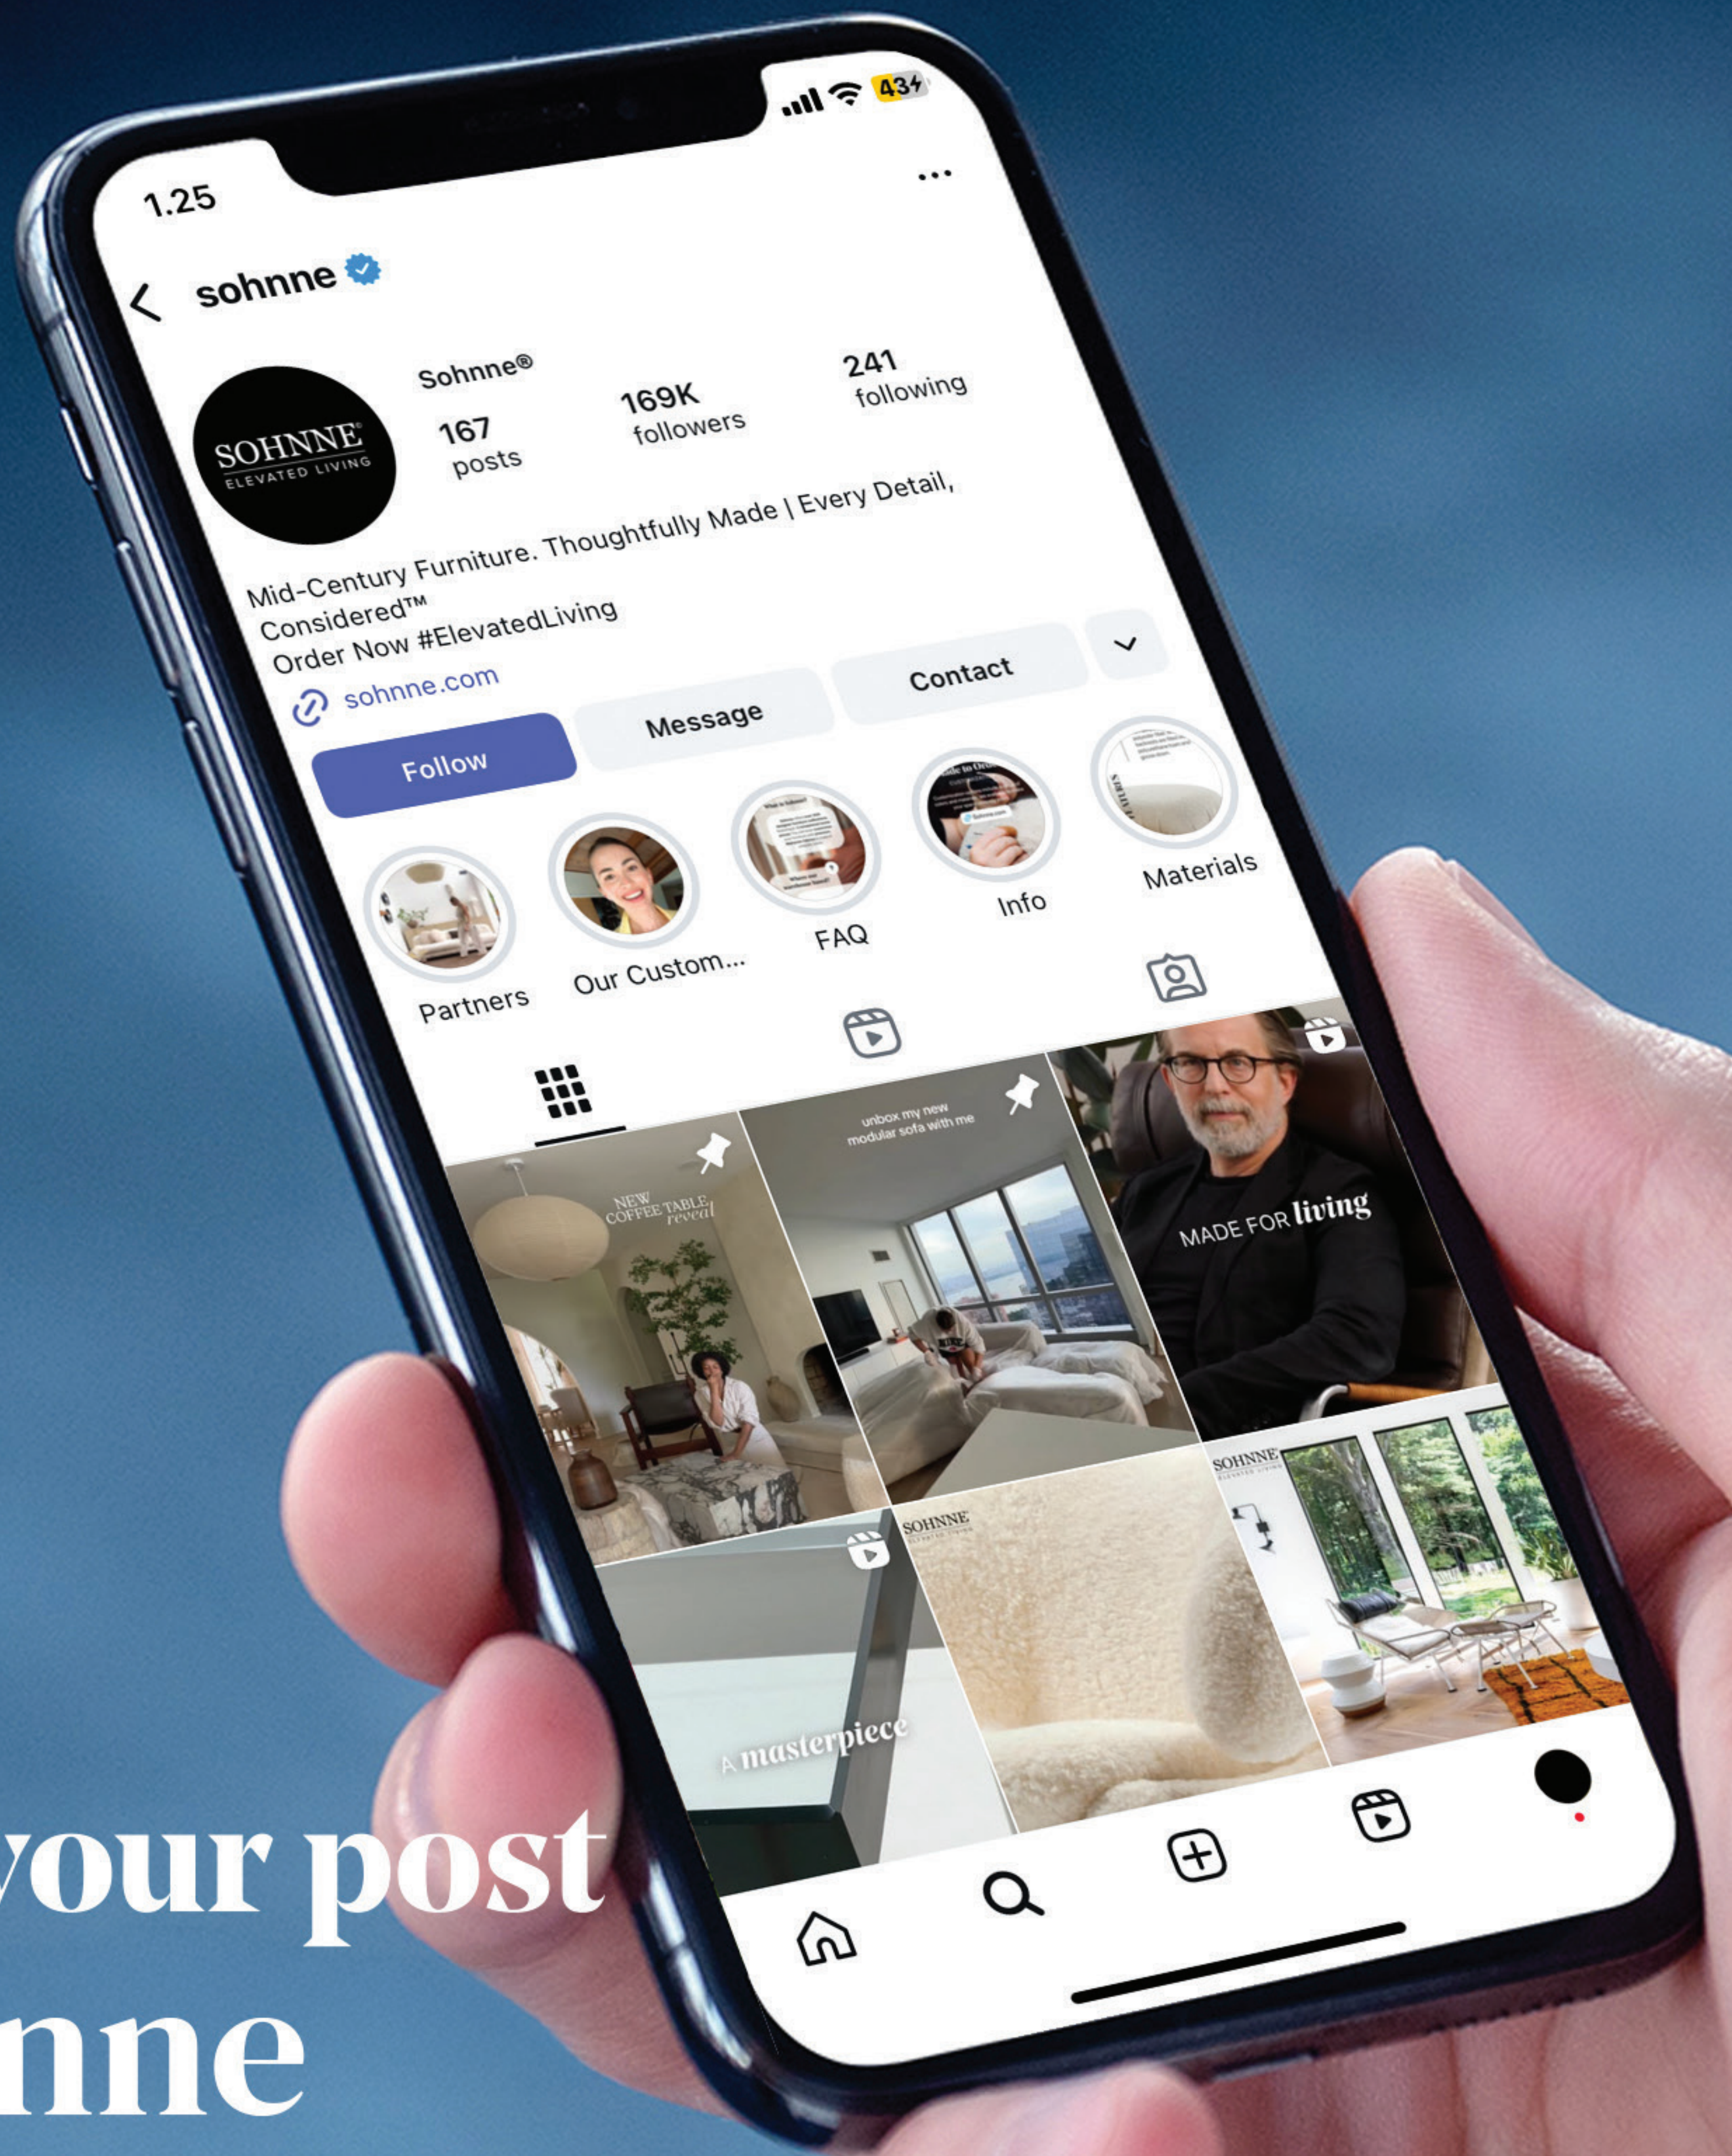

- Place the seat and back cushions into their respective modules.
- Make sure the cushions fit snugly, ensuring a seamless look and feel.

Step 7 - Final Check

- Go over all the connections and bolts to ensure everything is tightened.
- Adjust the modules to ensure stability.
